# AMZN Earnings: Key quarterly highlights from Amazon’s Q2 2023 financial results

August 3, 2023

Amazon.com, Inc. (NASDAQ: AMZN) reported second quarter 2023 earnings results today.

Net sales increased 11% year-over-year to \$134.4 billion.

Net income was \$6.7 billion, or \$0.65 per share, compared to a net loss of \$2 billion, or \$0.20 per share, in the year-ago quarter.

Both revenue and earnings beat expectations.

For the third quarter of 2023, the company expects net sales to be \$138-143 billion, or to grow 9-13% year-over-year.

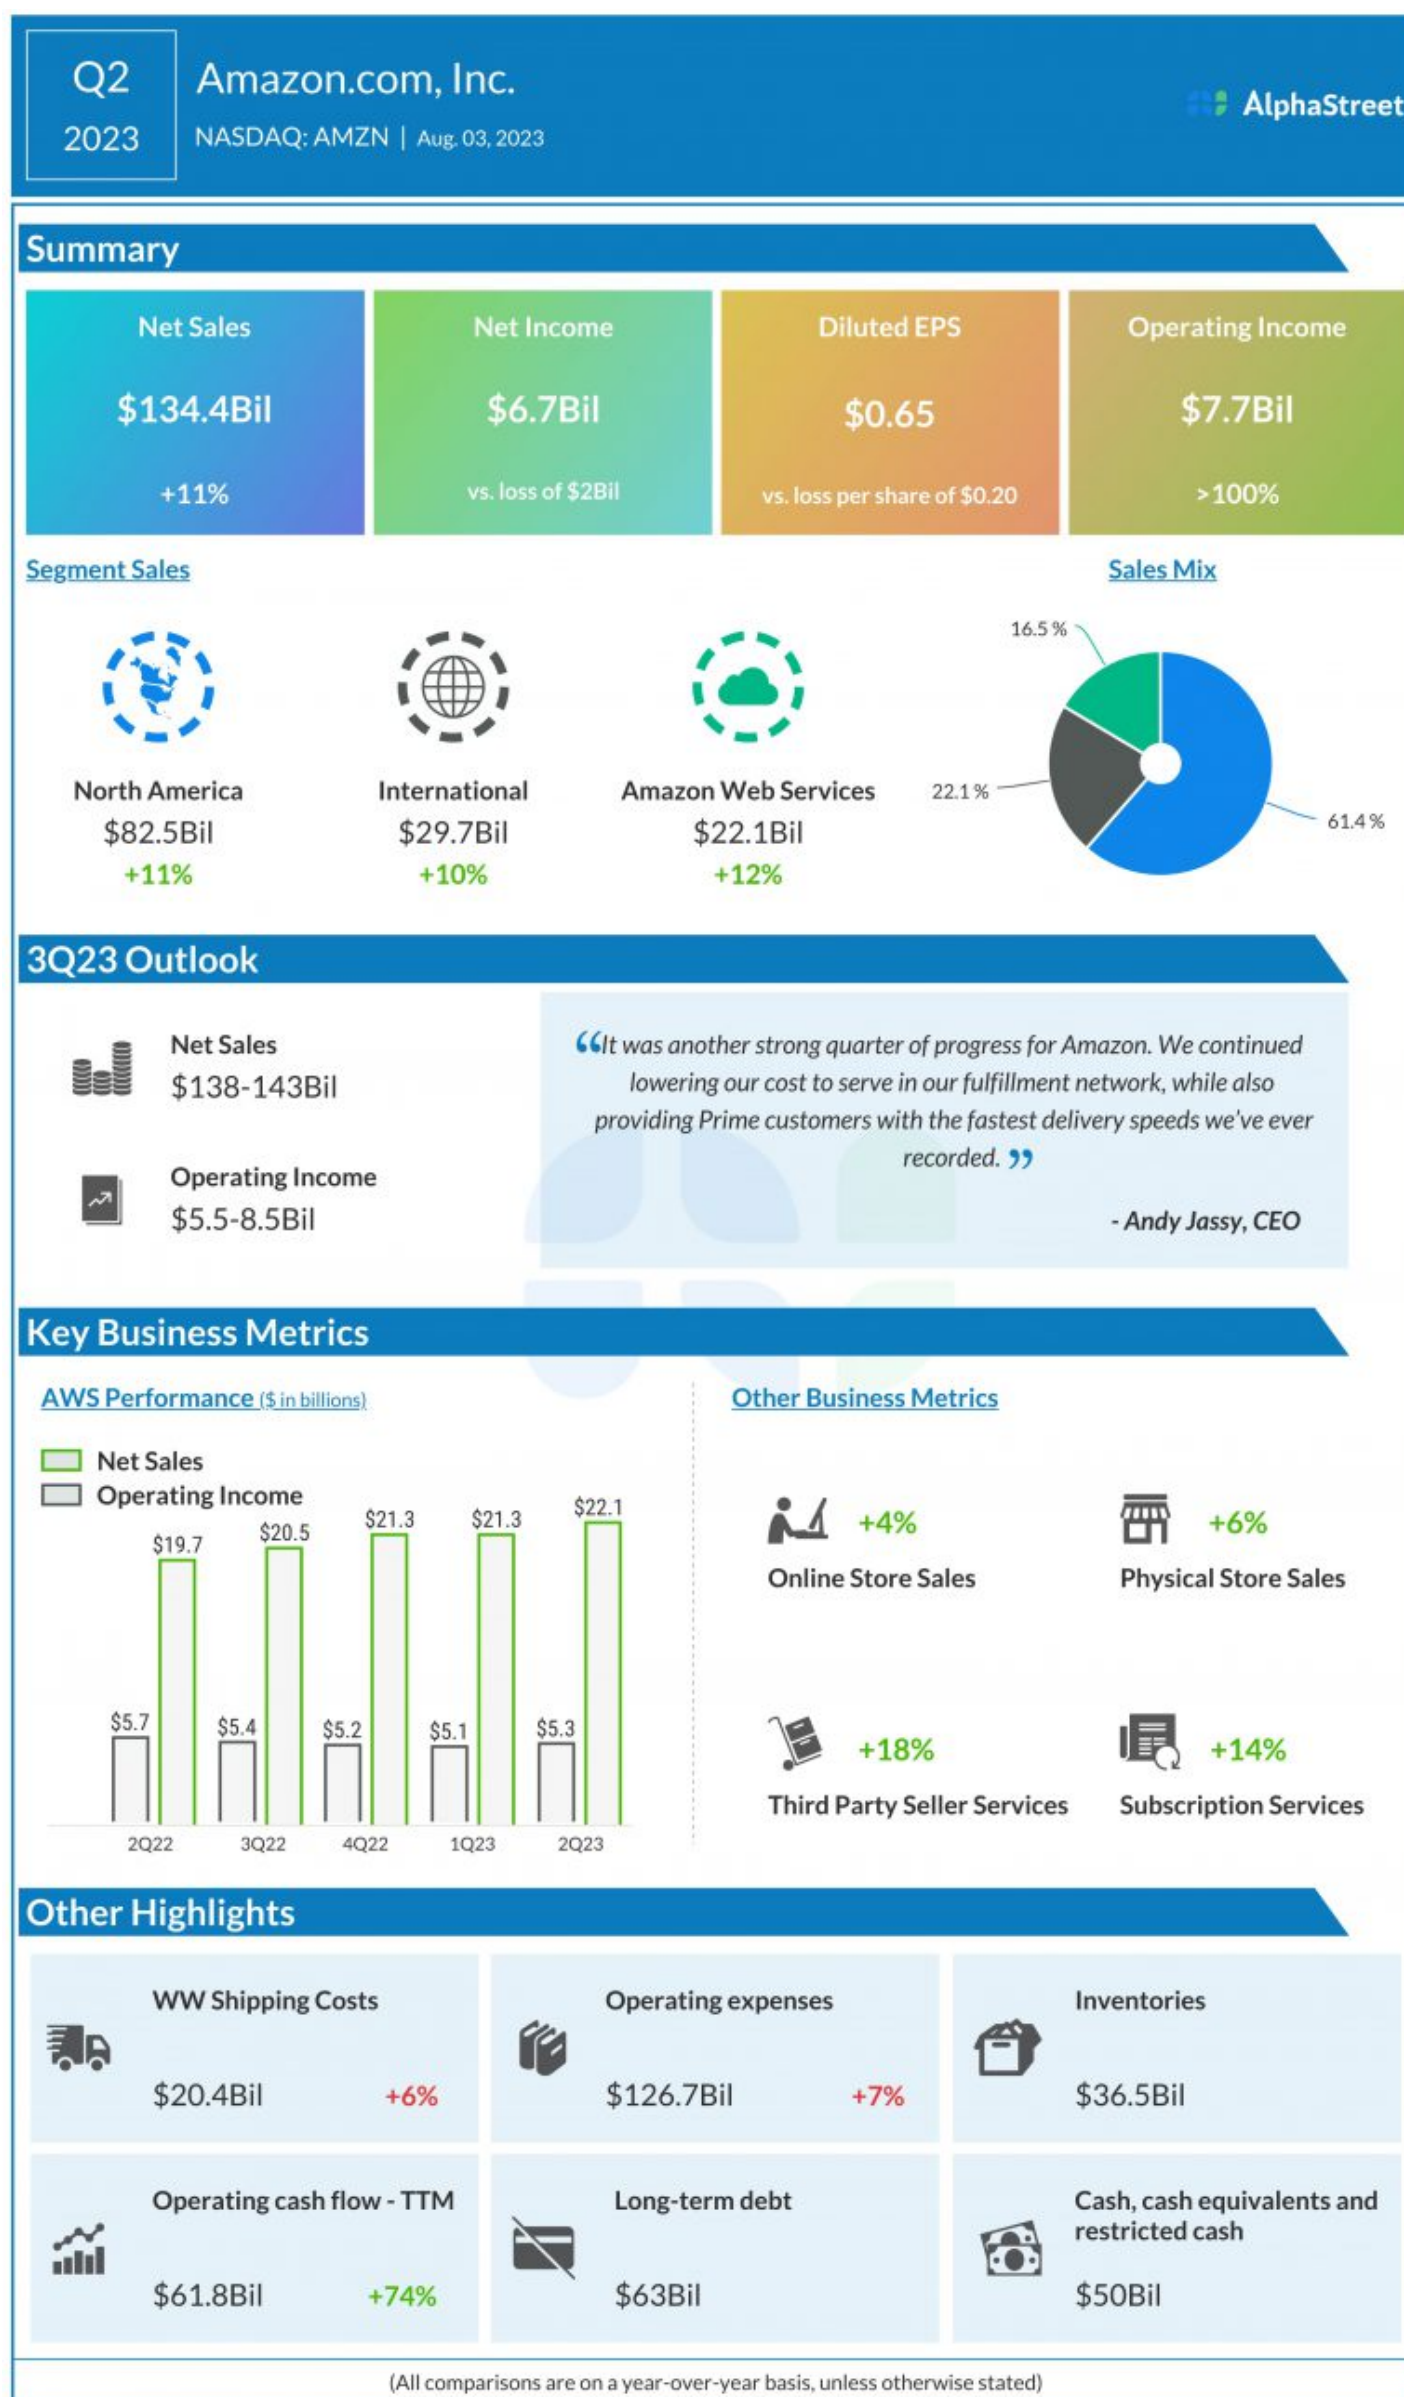

The stock rose 6% in aftermarket hours on Thursday following the earnings report.
